

TONGABEZI

THE GARDEN COTTAGE

The [Garden Cottage](#) is ideal for a family or couple seeking luxury and privacy close to Victoria Falls. The house is hidden behind a private walled garden and set back from the river. It is the only one of our properties without views of the Zambezi.

Beautifully designed and furnished using local materials, it is fitted with a luxury king-size bed and has a private living room with fireplace, an open-air sunken bath and an additional twin bedroom.

Every room at Tongabezi has a valet assigned to them who will look after our guests throughout their stay. With his in-depth knowledge of Tongabezi and the surrounding area, he is sure to become your indispensable source of information.
