

TONGABEZI

THE RIVER COTTAGES

Tongabezi Lodge offers five **River Cottages** situated along the river bank with stunning views. There are 5 double cottages and we are happy to convert rooms to twins on request.

Each has a large double bed or two singles with a spacious mosquito net. All cottages have an en-suite bathroom with separate bath and shower. Indoor and outdoor areas for relaxing, dining and enjoying the expansive river views completes the suite.

The cottages are closed fronted with gauze netting in the windows so perfect for those guests slightly nervous of the open aspect of the Tongabezi houses but still wanting to enjoy the sounds of the African night.

Every room at Tongabezi has a valet assigned to them who will look after our guests throughout their stay. With a wealth of in-depth knowledge of Tongabezi and the surrounding area, your valet will become an indispensable source of information.
